PEACE YET TO COME.

Governor Taylor Still Refuses to Sign That Agreement.

IS TAKING HIS TIME.

Wants to Consult Bradley and Breckenridge and Then He May Not Sign—Troops Withdrawn for Goebel's Funeral.

Frankfort, Feb. 7.—Governor Taylor is still holding off peace, despite the overtures made him by leaders of his own party. He said he would not sign the agreement made at Louisville until he has consulted ex-Governor Bradley and W. C. P. Breckenridge. He would say nothing to indicate that he would sign the agreement even should they advise him to do so.

In anticipation of the arrival from Covington of the body of Governor Goebel, Adjutant General Collier early this morning issued orders withdrawing all troops from the city, bringing them within the capitol grounds. These orders will remain in effect until after Governor Goebel's remains have been placed in the vault at the Frankfort cemetery.

This was done to avoid any possibility of irritation of Governor Goebel's friends and partisans during the time the body lies in state at the Capitol hotel and burial and allay as far as possible, the feeling caused by the presence of state troops.

The train bearing the remains of Governor Goebel arrived here at noon today and thousands of people were on the streets surrounding the hotel. Every head was bared, honoring the dead Democratic leader. There was no attempt at display, everything being done in the most simple manner.

Frankfort, Feb. 7.—A long conference was held in the office of Governor Taylor last night, those present being, besides Governor Taylor, Colonel Menger, Colonel Williams, General Collier, Judge Yost and William Sweeney, the two latter being two of the attorneys of Governor Taylor. The conference was secret and none of those engaged in it would consent to talk. They allowed it to be tacitly understood, however, that the position of Governor Taylor was the same as that stated early in the morning to the Associate Press—that if a fair and honest election law was given the state, he would not allow any personal ambition of his own so remain in the way of a settlement. Ex-Governor Bradley and W. C. P. Breckenridge, the attorneys of Governor Taylor, will hold a conference with him.

DEMOCRATS MORE ACTIVE.

Preparing to Resume Their Legislative Session at Louisville.

Louisville, Feb. 7.—There is renewed activity in political circles here. It has come about by Governor Taylor's refusal to sign the agreement drawn up at Monday night's conference.

The Democratic plans for making Louisville the headquarters of Governor Beckham and his legislature were dropped Sunday night when overtures for peace were made.

Nearly a score of the Democratic members of the legislature are here, including the officers of both houses, and about 30 on their way from Cincinnati. A few others are at their homes in the country within easy reach of this city. They are taking no chances of being arrested and taken to London.

They are anxious to go to Frankfort to attend the funeral of Governor Goebel, but say they will stay here unless given positive assurance they will not be molested by the soldiers.

Kidnapped Child Recovered.

Birmingham, Ala., Feb. 7.—H. O. Hoyt has returned from London, Ky., with his daughter, Mrs. S. G. Harris, bringing back Dorsey Young, the 12-year-old daughter of the latter, who was kidnapped from her home in this city eight years ago. The girl was kidnapped, it is alleged, by her father, from whom Mrs. Young got a divorce and afterward married Harris. The girl has seen much hardship, being cast along roughly from place to place, finally being bound over a wall to Maurice Nash, of London, who, hearing her tale, wrote to Birmingham to her grandfather and mother. Hoyt and Mrs. Harris were not slow in going to London and reclaiming the child. Mrs. Harris is the happiest woman in the country with her lost child at home.

Bold Holdup in Joliet.

Joliet, Ill., Feb. 7.—Glyden T. Gardner, a street car conductor for the Joliet Railway company, was robbed and mortally wounded by two highwaymen. The holdup took place at the courthouse corner, near the center of the city, and was witnessed by a large number of people. The robbers escaped. Gardner

had \$75 and a gold watch taken from him. He made a desperate fight for his valuables, but was finally shot in the stomach by a robber. A policeman arrived three minutes after the shooting, but the robbers dodged around a train and escaped. The highwaymen had made an attempt to hold up another man, but secured nothing.

Strike at Havana.

Havana, Feb. 7.—Five thousand men are on a strike in the cigar factories of this city.

FRANCE AND ENGLAND.

They May Have Trouble Settling Some Vexed Questions.

New York, Feb. 7.—Dispatch to the World from Paris says:

France, England's hereditary foe, seems to wait her opportunity in England's direct need. France and England are at the door of a serious disagreement. If a disagreement comes it probably will be over the Egyptian question. Hava's News agency distributes official denial of the statement made in several newspapers that the departure from Paris of Sir Edmund J. Monson, British ambassador to France, signifies friction between France and England, but this official denial is not taken seriously. Most conservative authorities regard the rupture between the two countries as inevitable unless England should show France the same meekness with which she has just allowed Russia to oust British influence from Persia.

When M. Delcasse, the French foreign minister, and Baron Monson failed to understand each other in regard to sending Italian troops to Egypt, the British ambassador received instructions to go to Rome, and there hold up the hands of Baron Currie in helping carry out his orders. It is significant that M. Delcasse and M. Ouroussoff, Russian ambassador, have been closeted daily during the last two weeks, their conferences sometimes lasting two hours. So it is believed Russia's arrangements with Persia was effected with France's approval, after the possibility of British interference had been canvassed and discounted.

The unanimous opinion, not only of members of the government, but of all the senators and deputies, that France does not wish to obtain a settlement of the Egyptian, New Foundland and Madagascar question at a cost of war, but now is her chance to arrange these matters without shedding a drop of blood or spending a centime. President Loubet, Waldeck-Rousseau, Delcasse, Miller and all the longheaded statesmen are perfectly aware that war with England would cost more than it would fetch. The Boers are their cat's paw.

STILL EXPANDING.

United States Negotiating for Islands in the West Indies.

Washington, Feb. 7.—A member of the foreign relations committee of the senate is authority for the statement that the views with reference to the cession of the Danish West Indies, have been officially exchanged between the United States and Denmark. Negotiations are also in progress with Ecuador for the cession of the Chatham islands, of the Golpagos group to this government.

By the acquisition of these islands and the possession of Puerto Rico and the Hawaiian islands, the United States will practically control the approaches of the proposed Nicaragua canal. There is authority for the statement that Secretary Hay, before agreeing to the provision prohibiting the establishment of fortifications at the terminal of the canal, carefully considered the possessions of the United States in the immediate vicinity, and that in initiating negotiations with Ecuador for the Chatham islands, and with Denmark for the Danish West Indies, he was actuated by a desire to secure sites for naval stations which would effectively control the approaches to the canal. With the islands now held and those being negotiated for, administration officials are satisfied that no difficulty will exist as to the United States commanding and protecting the canal.

The authorities are very loath to discuss the matter and while refusing to admit that negotiations are in progress with Denmark, it was stated that the minister at Quito was conferring with Ecuador representatives relative to the acquisition of the Island of Chatham, or to establish a coaling station thereon. No doubt is expressed that the United States will be able to secure the consent of both Denmark and Ecuador to the acquisition of the island it seeks, but it is understood this government is not hurrying the negotiations.

Dispensary Management Changed.

Columbia, S. C., Feb. 7.—The state board of liquor control will be abolished and the management of the dispensary radically changed. The senate bill to provide a new system of government passed in the house Tuesday and the governor will approve the act. The action of the general assembly was the result of dissatisfaction all over the state caused by the lack of harmony in the

The Grass and Flowers

Of many a spring-time Gentle Annie, have grown green, blossomed and faded, and withered again and again over the graves of the hopes, ambitions and aspirations of those who thought they could rival the old reliable produce dealer and Original Cutter. We buy everything, and our cash paying methods of buying chickens and eggs in any quantity they come from coop-falls to car load lots if offered that way, have made Bryan famous throughout this section as a produce market.

A few who were hanging on to the edge of the business world by their eyebrows, have from time to time tried to measure merit with ours, but the people know who makes the prices and who always leads in buying and selling, and who never gets overstocked by one or two industrious old hens.

.....Jno. B. Mike.....

present board. The bill provides for three directors of unquestioned character to be elected for a term of two years instead of five years, as at present. There are other features of the present law which will be amended, but the main issue is settled until the Democratic primary this summer, when the dispensary, prohibition and local option will each have a ticket for state officers.

Street Railway Sold.

El Paso, Feb. 7.—The Santa Fe Street railway of this city, a mule car line, was sold under the hammer to satisfy a mortgage. It was knocked down to John T. Terry of New York for \$30,000. It is the intention of the purchasers to convert the road into an electric line.

Orders for Machias.

New York, Feb. 7.—The Herald's Washington special says the Machias has been sent to Puerto Cabello because of disturbances. There is trouble also at Santo Domingo. The rebellion in Cebu is causing uneasiness in administration circles.

A rice mill and a sugar mill are
to be built near Eagle Lake.

Hon. C. K. Bell will retire from
the chairmanship of the state democ-
ratic executive committee.

Cotton mill companies are being
organized all over the cotton growing
region of the state.

Texas will swing into the new
century with a boom on in the line
of factory building that will do
wonders for the state in the next
ten years.

The Filipinos are still killing,
wounding and capturing Ameri-
cans in spite of frequent assur-
ances from Otis that the war is
practically at an end.

The conservative course of the
democrats in Kentucky has won
the admiration of right thinking
men everywhere, and the moral
influence of the incident will re-
bound to the honor and benefit of
the party throughout the nation.

The monthly statement of the

000; silver, \$2,364,161; minor
coins, \$174,270.

THE BILLS I CANNOT PAY.

They rally round my bed at night,
A grim and ghostly band,
In tattered uniform of white
The gaunt battalion stands.
I watch them march and countermarch
I hear the bugles play,
As in review they pass me by—
The Bills I Cannot Pay.

In daytime, when I walk abroad,
And seemingly alone,
They form in unseen companies,
To other eyes unknown,
But I can hear their measured tread
Behind me all the way—
This faithful bodyguard of mine,
The Bills I Cannot Pay.

And yet I would not part with them,
If such a thing might be,
For many are the stories
That these state'smen tell to me,
They whisper tales of credit days,
When all the world was gay—
The days when I created them,
The Bills I Cannot Pay.

So leave me not, O trusty friends,
Your songs delight my ears;
In hearing them I feel again
The joys of old years.
You bring the old-time pleasures back
In glorious array—
And so I bless you, every one,
The Bills I Cannot Pay.

GONE TO THE FRONT.

Generals Roberts and Kitchener Leave
Cape Town for Battle Scene.

London, Feb. 7.—While suspense re-
garding Buller's movements and opera-
tions affecting the fate of Ladysmith
continues unrelieved even by vague dis-
patches, there comes from other quar-
ters interesting news in the announce-
ment that General Roberts, commander-
in-chief of the British forces in South
Africa, and his Chief of Staff Kitchener
have left for the front. As this informa-
tion was held for several hours by the
censor, it seems to indicate an impor-
tant movement is on foot.

Dispatches from Sterkstroom an-
nounce the Boers are attacking Gatacre
from two directions and firing is pro-
ceeding between the outposts.

A delayed Sterkstroom dispatch,
dated Monday, says a body of the
troops left camp on February 3, and
important developments are expected.
It is quite probable this explains Gen-
eral Roberts' departure and that the
commander-in-chief wishes either to be
present at or supervise the long intend-
ed movement by General Gatacre to
join forces with General Kelly-Kenny
and thence strongly reinforce French,
completing the latter's work at Coles-
burg and establishing, without fearing
serious opposition, an advanced posi-
tion for the main movement.

This of course is greatly a supposition
and it cannot be confidently said that
the departure of Generals Roberts and
Kitchener for the front does not indi-
cate a main advance had begun. It is
pointed out that the term, going to the
front, must not be interpreted into the
idea that a great movement upon Pre-
toria by way of Bloemfontein is seri-
ously commenced. It will be a month,
or perhaps much longer, before this can
be brought about. In the meantime,
preliminary steps are likely to enliven
the campaign with sharp fighting, and
news from Sterkstroom, Tloebus and
Colesburg are eagerly awaited.

ROBERTS' INVITATION.

Bids Free Staters and Transvaalers Im-
munity if They Surrender.

London, Feb. 7.—Lord Roberts has
caused to be distributed in the towns
bordering upon the invaded colonial ter-
ritory an invitation to Free Staters and
Transvaalers to go into the desert, of-
fering them good treatment and a resto-
ration of their farms on the British oc-
cupation of republican territory.

The manifesto guarantees that those
bringing horses can sell them. Foreign-
ers will have their passage paid to Eu-
rope. Colonial rebels are advised to
surrender in preference to be taken
prisoners.

Not a word has been received from
the correspondents with General Buller
for three days. It is as though Natal
had been wiped off the map, excepting
the heliogram from Ladysmith saying
that the Boers are cannonading and
that "fighting is going on."

General MacDonald with 4000 in-
fantry, cavalry and artillery, threatens
the Boers right at Magersfontein. This
is the first sign of activity on the part
of Lord Methuen for some weeks and
doubtless has relation to the movements
of the British further east.

WHAT BRYAN SAYS.

Believes Young Men Are Being Led
Away from Republican Party.

Bridgeport, Conn., Feb. 7.—W. J.
Bryan said after the close of his New
England campaign, during which he
has addressed 45,000 people in 18 cities:
"The meetings have been gratifying
because they show the growth of Dem-
ocratic sentiment. The trend of public
opinion is away from the Republican
party, and I believe that each month
will emphasize this opposition. The old
men contrast the Republican party of
today with the Republican party of
Lincoln's day and cannot but note the
difference. The young men see the
field of opportunity narrowing and they
realize that Republican politics are con-
tinually adding to the advantages of
aggregated wealth and lessening the
chance of the young man who has only
his brains and his muscle to rely upon.
It requires more than the hope of a per-
petual clerkship to stimulate the young
man to the highest endeavor."

Intense Heat in Argentine.

Buenos Ayres, Feb. 7.—The residents
of Buenos Ayres have never experienced
such intense heat as that of Saturday,
Sunday and Monday. They are greatly
alarmed by the number of deaths from
sunstroke. The mortality in Buenos
Ayres, which never exceeds 40 daily,
reached 149 Saturday, 134 Sunday and
34 Monday, all from sunstroke. Mon-
day night a heavy rain cooled the at-
mosphere.

Color Line Drawn.

Jacksonville, Fla., Feb. 7.—Daughters
of the Confederacy have adopted a res-
olution calling for the repeal of the
monument bill. The society declines to
have anything to do with Union sol-
dier's graves at Olustee because the
soldiers of the Union army buried there
were negroes.

Burns Proved Fatal.

Kaufman, Tex., Feb. 7.—News has
reached here of an accident to Mrs. Fritz
Boles, near Styx, this county. Mrs.
Boles was burning stalks in the field
and he clothing caught fire, burning her
so badly that she soon died.

Clash in Brazil.

Buenos Ayres, Feb. 7.—A dispatch
from Rio de Janeiro says Venezuelan
troops have invaded Brazilian territory
and were opposed by forces of the latter
republic, which, were forced to retreat
after a serious fight.

IRRIGABLE SECTIONS.

Government Taking an Active Part in
Reclamation of Arid Lands.

Washington, Feb. 7.—The reclama-
tion of arid lands, which was a promi-
nent feature of food producing opera-
tions in India, China, Egypt and Mex-
ico many centuries ago, is now receiving
more attention from the United States
government than ever before.

In congress the house has appointed a
strong standing committee on irrigation,
with a chairman and a majority of its
members interested in or representing
irrigable sections. In the senate the
committee on reclamation of arid lands
is similarly constituted.

These committees listen to the de-
mands of the people and formulate leg-
islation which is intended to add to the
resources of nature quite as substantially
as if large areas of prolific territory
were being acquired from the outside.

The officers of the geological survey
are making an extended investigation
of the quantity and constancy of water
supplies in irregular districts, locating
and surveying sites available for per-
manent impounding reservoirs, measur-
ing the wastes from seepage, evapora-
tion, and unchecked floods, and gener-
ally determining or comparing the
values of different methods of irrigation
and the utility of different sources of
water supply.

The census office, confining itself
strictly to facts and conditions, is sup-
plementing these efforts of the govern-
ment by making a census of the irriga-
tion wells, dams, reservoirs, springs,
canals and ditches and the cost and
character thereof; of ownership, volume,
constancy of water sources; of water
rights, sales and rates; of the acreage,
quantity and value of irrigated crops, of
unreclaimed but irrigable land areas,
etc.

Most of this work is being accom-
plished by means of schedules sent
through the mails in advance of the
main field work, which the law says
shall be done in June, 1900. Director
Merriam deems such a course warrant-
ed by the estimated increase in irriga-
tion wells to 12,000, and the ditches and
canals to 15,000 during the past ten
years, which means that probably more
than 100,000 producers are now raising
crops and herds abundantly on lands
which, without irrigation, were desolate
and valueless.

Preliminary returns to the census
office from irrigators and irrigation
companies are quite satisfactory, and
the director requests that all who have
received or may receive hereafter sched-
ules from the department, do their best
to answer the several questions therein
and return the blanks at their earliest
convenience.

Also, that irrigators who have not re-
ceived, will write and ask to be supplied
with schedules. The request will be
complied with by return mail.

In this way, accurate statistics will
be secured of an industrial feature,
which, in effect, is equal to adding sev-
eral productive states to the domain of
a nation whose staple food supplies al-
ready dominate the markets of the
world.

Seed Potatoes High.

Paris, Tex., Feb. 7.—Last year a num-
ber of Lamar county farmers raised
Irish potatoes for the northern market
and realized a handsome profit on them
in the dull season of the year, as they
came in market nearly three weeks ear-
lier than those raised by the Fort Smith
potato growers. Notwithstanding the
success of the experiment last year,
farmers say that there will be but few
planted this year on account of the fact
that the price of seed potatoes is double
what it was last year.

Largest Office Building.

New York, Feb. 7.—The largest office
building in the world is to be erected at
the southeast corner of Broad street
and Exchange Place, in the financial
district of this city. The structure will
be 20 stories high and will contain 360,-
000 square feet of space for rent. The
land is worth nearly \$2,000,000 and the
structure will cost \$4,000,000. In order
to complete the site the Alliance Realty
company, which is to construct the
building, was obliged to pay \$260,000
for half of a 25x100 foot lot. This
same space sold in 1882 for \$8150.

Ludlow Coming Home.

Havana, Feb. 7.—The conflict between
Civil Governor Nunez and General Lud-
low will be settled by General Wood
turning the military department over to
the municipality and the retirement of
General Ludlow from Cuba. Ludlow
leaves Saturday to consult with Presi-
dent McKinley.

Critically Ill.

Terre Haute, Ind., Feb. Colonel Rich-
ard W. Thompson, ex-secretary of the
navy and the only surviving member of
the congress of 1841, is critically ill at
his home in this city. Colonel Thomp-
son is 91 years of age.

William Houser Dead.

St. Louis, Feb. 7.—William M. Hous-
er, secretary and treasurer of the Globe
Democrat, and the only surviving son
of D. M. Houser, proprietor of that pa-
per, died at his home in this city of con-
sumption.

Reception for Gompers.

Havana, Feb. 7.—Samuel Gompers,
president of the American Federation of
Labor, who arrived here recently from
New York, was given a reception by the
Havana workmen at the headquarters.

Cotton Claims Bill.

Washington, Feb. 7.—The house com-
mittee on claims favorably reported the
Cooper bill for the payment of southern
cotton claims. The bill involves an
expenditure of \$10,000,000.

"FAIRY TALES."

SOME FOLK'S pretences to always undersell the

world are rather tiresome. No one has monopoly of

Brains and money. It will be a very sorry day for this

little town when competition ceases. The fanciful

stories of some remind us much of our childhood days

when we sat on Mothers knee listening to Mother Goose

stories. But maturer years require more reason. You

want something more substantial than Fairy tales. That

by our constant attempt is to make the prices on our

goods a point to meet the approval of the sensible pur-

chasing public.

F. S. Wilcox has in his employ a couple of wooden blacksmiths who hammer away very industriously when the wind blows. They are up on top of the house, so that people can see how well they work. It is quite a good sign for Mr. Wilcox's business, and the mechanism is very simple and yet ingenious. They remind you that when you want any repairing or any pipe-fitting, and plumbing, Wilcox is the man for the former, and Heenan, who is located there, is the man for the latter. d

Rev. A. M. Simms, of Raleigh, N. C., notified the church clerk yesterday by wire that he accepted the call to the pastorate by the Baptist church of this city, and will begin his labors here March 1. Carnival Low Rates.

The Carnival season in New Orleans is a season of absolute gaiety and good humor. The fame of the Crescent City in relation to its Mardi Gras festivals has spread until it has encompassed the entire earth. The Carnival is made up of a series of "fests," in which the people participate generally, and which creates a long train of brilliant occasions and gorgeous pageants. The Carnival of 1900 will be the most brilliant in the history of New Orleans. There will be two additional street parades, the one occurring February 21, at night, being an electrical display, the others occurring as follows: At night, February 22, Mornus; at noon, February 26, arrival of Rex; on night of same day, Proteus; at noon, February 27, Mardi Gras Day, arrival of Rex, and on Mardi Gras night, Comus.

Arrangements have been made for a general elaboration of the various spectacles and street masking. Ticket agents H. & T. C. Railroad will make rate of on fare for the round trip, good going February 19th to 26th and returning March 10th inclusive. These tickets will be good on Sunset-Central Special, which carries free reclining chairs through to New Orleans, as well as on all other trains. S. F. B. Morse, M. L. Robbins, P. T. M. G. P. & T. WASHINGTON NEWS.

Financial Bill Made Pending Business Before the Senate.

Washington, Feb. 7.—Until the financial measure now pending before the senate shall have been disposed of finally it will be considered by the senate every legislative day to the exclusion of all except purely routine business. This agreement will have the effect of cutting off all debate on the Philippine question or other matters except by unanimous consent of the senate, unless senators choose to discuss other questions in the time they devote to the financial bill.

Mr. Caffery of Louisiana, concluded his speech on the Philippine question, holding that the United States ought to restore in the islands the status quo and then confer independence upon the Filipinos.

Mr. Butler of North Carolina discussed at length the proposed amendment to the constitution of North Carolina in answer to speeches delivered by Senators Morgan, McEnery and Money.

Mr. Pettus of Alabama offered an amendment to the financial bill providing that the bill shall not be construed to affect the present legal tender quality of silver coined by the United States.

To the same bill Mr. Chandler proposed an amendment providing that the gold dollar is 25.8 grains and the silver dollar of 412.4 grains shall be the unit of value and that all forms of money issued or coined by the United States shall be maintained at that parity of value and that the United States notes and treasury notes when presented at the treasury for redemption shall be redeemed in gold or silver coin of such standard.

Mr. Jones of Arkansas also gave notice of an amendment to the same bill providing for an "urgency fund" of \$50,000,000 in treasury notes.

A bill was passed authorizing the erection of a public building at Selma, Ala., at a cost of \$100,000.

Mr. Foraker gave notice that as soon as the financial bill was disposed of he would ask the senate to take up the bill providing a civil government for Puerto Rico.

Mr. Cullom expressed the hope that this notice would not interfere with the measure providing a government for Hawaii.

The conference report on the urgency deficiency bill was agreed to, thus passing the measure.

The House.

Washington, Feb. 7.—The Philippine question again occupied the attention of the house yesterday with a slight digression concerning the war in South Africa. The feature of the debate was the speech of Mr. Williams of Mississippi who presented an argument against the annexation of the Philippines which attracted much attention. It was devoted almost entirely to the commercial aspect of the acquisition, holding that the absorption of the islands would ultimately be ruinous to the American producers of cotton, rice, tobacco, hemp and sugar.

The general debate on the diplomatic bill was closed and it will now be taken up for amendment under the five minute rule.

New Currency Idea.

Washington, Feb. 7.—Mr. Jones of Arkansas has introduced an amendment to the currency bill now pending in the senate directing the secretary of the treasury to keep constantly on hand an emergency fund amounting to \$50,000,000 of United States treasury notes which may be issued to any citizen of the United States at a discount of 10 per cent in exchange for United States bonds, the bonds to be held for not to exceed a year and the holder to pay 6 per cent interest.

Bard Elected Senator.

Sacramento, Feb. 7.—The California legislature elected Thomas P. Bard, Republican, United States senator to succeed Stephen M. White. In the senate the vote was: Bard, 26; James D. Phelan, 10. In the assembly, Bard, 59; Phelan, 20; White, 1.

Militia Sidetracked.

Frankfort, Feb. 7.—Orders for additional militia are said to have been countermanded. A number of companies of the state guard have been holding themselves in readiness to move to the capital. The action is construed by Democrats as indicating a disposition on the part of Governor Taylor to acquiesce in the agreement at Louisville.

Bowie County Killing.

New Boston, Tex., Feb. 7.—T. E. Arnold, a lumberman of Bowie county, was shot and instantly killed near here. Several shots were exchanged, two taking effect in Arnold, one going through his body and the other lodging under one eye. A party came in an surrendered. J. J. Peters, justice of the peace, held an inquest, giving a verdict substantially as above.

Situation Improved.

Temple, Tex., Feb. 7.—The smallpox situation at Prairie Dell is much improved and all are getting well. An infant born while the mother was afflicted, has died. There are a few cases among the negroes, but they have been kept closely quarantined and most of them have been discharged.

Dawson Gold Output.

Victoria, B. C. Feb. 7.—Advices from Dawson states that Dawson banks estimate that \$21,000,000 in gold will be taken out this season.

Clear of Yellow Fever.

Havana, Feb. 7.—For the first time in months, Havana is clear of yellow fever. No case has been officially reported for some days.

DENOUNCES THE BILL.

Mills Speaks on the Tax Measure
Now Before the Legislature.

HIS TALK WAS PLAIN

He Was Bitter on Several Features of
the Proposed Bill and Warns
Legislators What They Do.
Legislative Proceedings

Austin, Feb. 7.—Ex-Senator Roger Q. Mills last night discussed the question of taxation, paying special attention to the proposed tax bill now under consideration by the legislature in the hall of the house of representatives to a full house.

With characteristic vigor and eloquence he attacked the provisions of the measure which he denounced as obnoxious to the principles of a free democratic government.

His criticisms were caustic and he held the new system of taxation up to ridicule as a piece of legislation appropriate to the dark ages, where its counterpart could be found.

He dealt the occupation tax feature of the bill some hard blows and denounced the levying of such taxes as undemocratic.

The pretense of reducing the taxes on the farmer and the small land owner, the mechanic and the artisan, he said, would not stand when the people woke up to the workings of the affidavit system by which it is proposed to make them render their property at a far greater value than that at which it is now assessed.

Colonel Mills was caustic and bitter in his denunciation of the affidavit provisions of the law, and the consequent prosecutions before grand juries and courts which are held up as a menace to those who fail to swear to the full value of their property.

He denounced the double and triple taxation of property that would result from the enforcement of the proposed bill and warned the legislature while it had the power to pass such a measure it had no right to do so.

Legislative Proceedings.

Austin, Feb. 7.—The house yesterday battled with chapter 2 of the tax bill, and when adjournment was had the only business disposed of was the raising of the tax on fortune tellers, clairvoyants and mesmerists from \$10 to \$100 for each county in the state.

Then section A of the subdivision, imposing a tax on note shavers, was reached and here the house balked.

Oratory flowed freely, and after a hot tussle, the whole section was stricken out, but before the members could get out of reach of the corpse it was resurrected by a motion to reconsider, which, after two hours' debate, was adopted and the revived section was again placed before the house and is pending business.

The pending business in the senate was Morris' bill to fix the salaries of the superintendents of the three insane asylums at \$3000 each per annum. Mr. Stafford offered an amendment striking out the \$3000 clause and substituting \$3500.

Mr. McGee offered as a substitute to strike out the \$3000 and insert \$2500.

The latter substitute was lost by a vote of 6 to 18.

When the senate adjourned the Stafford amendment was pending.

Another Special Message.

Austin, Feb. 7.—Governor Sayers has sent another special message to the legislature asking for legislation on double headed trains and amendments to Dallas and San Antonio charters.

Fire at Little Rock.

Little Rock, Feb. 7.—Fire here Tuesday night destroyed business property and stock valued at \$265,000. The blaze started in the third story of the building occupied by the Joe P. Quinn Dry Goods company and spread with such great rapidity that the entire stock of goods, filling the three stories, was entirely consumed. The flames communicated to the adjoining shoe store of Ike Kempner and destroyed the contents.

Sam Mills Acquitted.

Chattanooga, Feb. 7.—Sam Mills, the installment furniture house collector, who a few weeks ago shot and killed Henry Venable, colored, and wounded Venable's mother and sister over an account of 50 cents and during which Mills attempted to remove from the house without legal process, a bed cover to secure the debt, was acquitted. His indictment and trial were for murder in the first degree.

Fifteen Years' Imprisonment.

Dallas, Feb. 7.—The jury in the Ed. Hodges murder trial returned a verdict, finding the defendant guilty of murder in the second degree and assessing his punishment at imprisonment in the penitentiary for a period of fifteen years. The verdict was returned after just five hours deliberation.

Hodges stood charged by indictment with the murder of Frank Connor on Exposition avenue early last summer.

Pioneer Citizen Dead.

Texarkana, Tex., Feb. 7.—John N. Stewart died at his home in this city, aged 76. Deceased was a pioneer citizen of Texas, coming to the state from South Carolina in 1834. He was in the war of the rebellion, and was orderly sergeant for Colonel R. Waterhouse, of the Nineteenth Texas volunteer infantry.

Farmers are turning the soil, preparing for another crop and from what we can learn there will be about the same amount of cotton planted that there was last year.

I read with pleasure the EAGLE'S complimentary remarks to its many county correspondents. I think it should encourage each correspondent to be more prompt in reporting the news from their community each week, for I am satisfied from observation that the neighborhood news is a prominent feature of a county paper. I have noticed that most persons on receiving the WEEKLY EAGLE, turn to the page containing the county correspondence first. JIM.

[In this letter last week the local which read about "Mrs. A. P. Todd," should have read, "Mr. A. P. Todd returned from Marlin."—ED.]

KURTEN.

Kurten, Texas, Feb. 2.—Once again the farmer has begun turning the soil for another crop.

There was a musical at the residence of Dr. and Mrs. J. S. Edge last Tuesday night. The music was rendered by Prof. Dunlap and sister, Miss Alice Dunlap, of Millican, and Miss Lillie May Jones, of Bryan, Miss Oia Wilson and Mr. Lloyd, of this place. All present seemed to have a nice time.

Mr. Oneal and family, Dawsey Outlaw and old Father Outlaw spent the first of the week fishing.

The Free Baptists at Cross, at a called meeting, elected A. G. Graham as pastor for this year.

Uncle Ned.

"AN ORIGINAL IDEA."

The American, at Owosso, Mich., says: "A crowded house greeted Mr. and Mrs. Francis Labadie in their new duologue entertainment, entitled An Original Idea. The program was exceptionally good and of high standard. The entertainment was far above the ordinary. The little sketch is filled to the brim with witty sayings which are so equally mixed with thrilling situations and pathos of the Shakespearean scenes that the hearer is impelled to laughter and admiration almost the same moment. Mr. Labadie has an ideal conception of his part and Mrs. Labadie becomes a favorite at once. Her voice is a great treasure, being full of a certain indescribable richness."

The above excellent attraction will be at the Opera House, Thursday night February 8th. The performance will be given as a benefit for the Knights of Pythias to help them purchase new paraphernalia for their lodge room. Price of admission down stairs 50c, children 25c, gallery 25c, no reserved seats.
